

Shop till you drop

Construction work has begun on MSP Developments' new retail development, Avonwood Square, which is set to become the dominant retail hub in the Elsie's River area. It's being built at a cost of R90 million, with a further R10 million to be injected into infrastructure improvements, including road upgrades. Sited at the intersection of Giel Basson Drive and Balvenie Road, the 8 040m<sup>2</sup> shopping centre will have excellent exposure to the busy M12 and this Northern Suburbs catchment area. It's due to open to the public in April 2012. **+27 (0)82 089 6274, mspd.co.za**

*'Avonwood Square will have excellent exposure to the M12 commuter route.'*
